* Turn lights are required **only** if the vehicle was manufactured with them.

Exemption:
Historic plant vehicles are exempt from essential equipment requirements.

Additional vehicle requirements:

- Applications must be accompanied by a Historic Vehicle Declaration and signed by a club official stating they are a financial member of an RTA recognised historic vehicle club. Vehicles can only be used for authorised club events or for servicing or inspection.
- An historic vehicle must be 30 years of age or older as from the year of manufacture.
- Vehicles must be as close to original condition as possible, with NO alterations except for safety features.
- A roadworthiness declaration issued by the club (valid for 42 days) or safety inspection report (pink slip).
- All lighting must be fitted as near as possible to the position specified in Schedule 2 of the Road Transport (Vehicle Registration) Regulation 2007.

Mandatory conditions:

- Use only in conjunction with authorised club event or maintenance.
- Registered operator must be a member of an RTA-recognised historic vehicle club.

Additional condition for vehicles with hydraulic steering:

- Steering failure warning device/sign required.

Additional condition for left-hand drive vehicles:

- Left-hand drive sign required.

Additional condition for dual control vehicles:

- Dual control vehicle sign required.

Historic vehicles

Background

This policy has been produced by the Roads and Traffic Authority (RTA) in conjunction with the Council of Motor Clubs, the Council of Heritage Motor Clubs NSW, the Old Motoring Club, the XW-XY Falcon Owners' Club, the Classic Italian Motorcycle Club and the Velocette Owners' Club.

The RTA registers historic vehicles under the Conditional Registration scheme, which provides the vehicle with limited access to the road network and Compulsory Third Party (CTP) insurance cover. Historic vehicles registered under this scheme are exempt from the payment of stamp duty, motor vehicle tax and national charges.

Conditional registration is only an option for historic vehicles if the registered operator of the vehicle is a member of an RTA-approved Historic Vehicle Club and the vehicle's use of the road network is restricted.

See the list of RTA-approved Historic Vehicle Clubs above (updated quarterly).

Note: For information about adding new clubs to the RTA-approved Historic Vehicle Club list, please contact the Historic Vehicle Coordinator, Driver and Vehicle Administration, Grafton on (02) 6604 9391.

Eligibility

An historic vehicle must be 30 years of age or older as from the year of manufacture.

Trailers can be registered under this scheme, provided all the requirements are met.

Vehicles must be as close to original condition as possible, with NO alterations except for safety features such as seat belts and turn indicators or period accessories and options, if desired.

Note: Only vehicles converted to gas (LPG, Liquid Natural Gas or Natural Gas) during their original usage, such as taxis are acceptable for historic registration. Recent conversions for fuel efficiency are not acceptable.

The registered operator must be a member of an RTA-approved Historic Vehicle Club. Proof of Club membership (Historic Vehicle Declaration, [RTA form 1259](#)) must be provided to the RTA prior to establishing or renewing conditional registration. Club membership cards are **not** acceptable.

Vehicle roadworthiness

A vehicle operating under the scheme must be declared roadworthy by:

- a safety inspection report (pink slip) issued by an Authorised Inspection Station examiner, or
- a club declaration of roadworthiness (valid for 42 days) issued by a club official (a safety inspection report **must** be provided if the club is less than two years old).
- If the vehicle is an historic plant vehicle, a customer roadworthiness declaration must be provided.

Vehicle use

Vehicles can only be used for events organised by their Club, another Club or recognised community organisations provided an official invitation has been received and documented by the Club in the official minutes, or the official 'Day Book'.

Vehicles can also be used on a road or road related area for:

- servicing within a short distance from their place of garaging
- the inspection of the vehicle.

If a longer journey is necessary, the member must notify the Club Secretary so that they can enter the details in the Club's official 'Day Book' or minutes.

Any Club member wishing to use their vehicles for the carriage of persons to or from a wedding or reception should first check their legal obligation under the *Passenger Transport Act 1990* with the Ministry of Transport's Manager Accreditation and Licensing on (02) 9689 8829. The Club must also authorise the use of the vehicle for this purpose.

Vehicles must display conditional registration number plates and a current registration label.

Name bars may be affixed to the number plate provided the positioning of the name bar does not obscure the number plate.

Conditions

Historic vehicles registered under the conditional registration scheme are subject to the following conditions of operation:

- 'Registered operator must be a member of an authorised motoring club'
- 'Use only in conjunction with an authorised club event or maintenance'

The name of the registered operator's Club (or primary Club if they belong to more than one) must be entered as a special condition. Other conditions may be applied as required.

The Certificate of Approved Operations, detailing the conditions applicable to the operation of the vehicle, must be carried in the vehicle whenever the vehicle is used on a road or road related area.

Loads

Historic vehicles registered under the conditional registration scheme must meet the following requirements if carrying a load:

- loads cannot be carried for commercial purposes. Loads must either be the private property of the vehicle owner and/or carried as part of a club event.
- the maximum load allowed is two thirds of the manufacturers load limit, and
- the load has to be restrained to the performance based standards detailed in the [Load Restraint Guide](#)

General

Motor cars, tourers and limousines can only carry one person per seating position. Seat belts must be worn, where fitted.

This policy applies to NSW and ACT Clubs listed on the RTA's database. All members must be financial members of these approved Clubs and must be NSW residents.

Vehicles registered under the scheme may operate temporarily in other states and territories, under the same conditions as apply in NSW. Temporarily is considered to be three months continuously.

Interstate vehicles (operating under a similar scheme in their home state/territory) may be driven in NSW if they legally comply with the rules and regulations of their permit/registration.
